

dacadoo is a very successful and fast-growing IT company with headquarters in the city of Zurich as well as subsidiaries in the USA and Australia. The company operates worldwide and promotes digital transformation in healthcare with its lifestyle solutions. The corporate goal is to strengthen health and well-being through active engagement and artificial intelligence.

Backend Developer

This is a great opportunity for a passionate engineer who wants to dive deep into new cloud technologies to create state-of-the-art backend software and be part of an exciting digital health revolution. dacadoo operates 80+ Kubernetes clusters around the world and runs hundreds of CI/CD pipelines daily, deploying software with zero-downtime to provide digital health services for hundreds of thousands of customers.

Contact us if you're up for this challenge and enjoy working in an environment with passionate teams of competent software and SRE engineers.

Your Role

- Design, develop and maintain the Digital Health Platform
- Seek continuous improvement, building resilience and quality into the product
- Take initiative and ownership in finding solutions on your daily work
- Live the DevOps mindset and participate in the application lifecycle
- Provide training and support to other team members
- Build a strong collaboration with the Frontend, SRE, Services and Product teams

Your Profile

- Bachelors or Master's degree in Computer Science or equivalent work experience
- Strong working knowledge of Spring Boot / REST API design
- Experience in one or more of the following languages: Lua / Kotlin / Java / Python / Go (any high level language, and willing to learn others)
- Understanding of data security, databases and basic web technologies
- Hands-on experience with NoSQL data models, multi-cloud environments and microservice architectures
- Strong knowledge of Docker / Kubernetes / Helm
- Experience with Apache Kafka is a plus
- Excellent understanding of Git and cloud software engineering
- Experience with CI/CD pipelines, Gitlab is a plus
- Very good self-organization and personal responsibility ability to quickly prioritize multiple tasks
- Strong team and service orientation Strong customer focus, team player and drive
- Fluent in English and good communication skills

What we offer

- Multi-cultural and international working environment
- Open corporate culture with a lot of personal responsibility
- A perfectly located office by the lake in Zürich
- Employees "get together" events
- A job where you can have a real impact on the success of clients and of dacadoo
