

dacadoo provides a health & wellness technology platform which is used by medium to large companies, as well as Health & Life Insurance companies to engage their employees/members in a healthy lifestyle. The platform calculates a real-time Health Score for each user based on 3 key areas: Lifestyle (exercise, nutrition, sleep), Body (biometric measures), and Feelings (stress and mental well-being), and also motivates users through automated coaching, gamification and social collaboration. The award-winning company is working with strategic partners from key industry segments to bring this solution to the global digital life and health insurance market.
